Dear Mr. Mynář,

Please find enclosed the disc with the presentations of the German-Czech Workshop  
"Recovery of Biowaste and mechanical biological waste treatment" on September 22<sup>nd</sup> 2009  
in Regensburg, Germany.

As announced during workshop we translated all presentations into both languages (Czech  
and German). Because of technical reasons it was unfortunately not possible to publish the  
presentations on the web-sites of the German or the Czech Ministry for the environment as it  
was originally planned by the two Ministries. In order to make the presentations available to  
all those who are interested we will send a CD containing the files.

The German and the Czech Ministry once again would like to thank you for participation and  
for your presentation.

Sincerely yours  
by order

sgd

Dr. Claus-Gerhard Bergs
